

# Download What Do Bees Do In Summer

SCIENCE — Life Science. Have You Ever Wondered... What do bees do in winter? How much honey must bees store to last an entire winter? How many flowers do bees have to visit in order to make one pound of honey? Swarming bees: a fascinating and natural part of the life cycle of honey bees. What should you do if you see a swarm? Find out here, as well as lots of information about this amazing bee ritual. How do bees make honey? And... what about why they make it? Honey is made by a colony of honey bees (*Apis mellifera*) living in a nest (in the wild) or in a hive if kept by a beekeeper. Swarming honeybees are seen at the J&P Apiary and Gentzel's Bees, Honey and Pollination Co. on May 19 in Homestead, Fla. (Joe Raedle/Getty Images) - What Do Bees Do In Summer
