“The categories in sequence below reflect the rough chronology of my developing interests, from the 1960s to the present. I continue to have an interest in, and continue to write in, earlier fields, such as economic history (categories 1–6)—my 2010 book, for example, *Bourgeois Dignity: Why Economics Can’t Explain the Modern World*, tests the explanations for the Industrial Revolution ...Analytical jurisprudence "The principal objective of analytical jurisprudence has traditionally been to provide an account of what distinguishes law as a system of norms from other systems of norms, such as ethical norms." The question that has received the most attention from philosophers of law is What is law? Several schools of thought have provided rival answers to this question, the most ...Reprinted from a major 1923 architectural publication: perspective drawings, floor plans, and descriptions of the principal features of outstanding 1920s small homes, many by leading architects of the period, most inspired by colonial architecture and the bungalow concept. 1,135 black-and-white line illustrations, 262 black-and-white photographs and tone drawings. African-American culture, also known as Black American culture, refers to the contributions of African Americans to the culture of the United States, either as part of or distinct from mainstream American culture. The distinct identity of African-American culture is rooted in the historical experience of the African-American people, including the Middle Passage. - Aesthetics And Economics Reprint
