Saint Croix (/ ? k r ?? /) is an island in the Caribbean Sea, and a county and constituent district of the United States Virgin Islands (USVI), an unincorporated territory of the United States. Hamilton, from the point at which it was first colonized by settlers, has benefited from its geographical proximity to major land and water transportation routes along the Niagara Peninsula and Lake Ontario. Since the beginning days of our great nation, the early settlers needed basic shelters that could be erected easily with the materials at hand. Creating a new government on paper was difficult. The framers of the constitutional convention fought long and hard over the format and function of our government. - Alexander Hamilton Nation Builder
