International Scientific Journal & Country Ranking ... Only Open Access Journals Only SciELO Journals Only WoS Journals A journal's impact factor is a measure of the frequency with which an average article in a journal has been cited in a particular year. The following list highlights some recent SRP-funded publications in high impact journals. Frontiers journals lead in citations & rank in the top Impact Factor and CiteScore percentiles. Frontiers journals rank among the world's most-cited in their fields — including top most-cited in neurosciences, microbiology, plant science and psychology. The report includes more than 11,000 journals from 81 countries. The most well-known indicator in the JCR is the Journal Impact Factor (JIF). This measure provides a ratio of citations to a journal in a given year to the citable items in the prior two years. - Highest Ranking Impact Factor Journals
