Race and ethnicity in the United States Census, defined by the federal Office of Management and Budget (OMB) and the United States Census Bureau, are self-identification data items in which residents choose the race or races with which they most closely identify, and indicate whether or not they are of Hispanic or Latino origin (the only categories for ethnicity). The United States is the third most populous country in the world with an estimated population of 328,285,992 as of January 12, 2019.. The United States Census Bureau shows a population increase of 0.75% for the twelve-month period ending in July 2012. Though high by industrialized country standards, this is below the world average annual rate of 1.1%. ...TABLE 3. Estimated prevalence and number of children with mental disorders, by surveillance system, age range, and year — National Health Interview Survey, National Survey of Children's Health, National Survey on Drug Use and Health, and National Health and Nutrition Examination Survey, United States, 2007–2011

The nation's economic crisis has deeply affected the lives of millions of Americans. Skyrocketing foreclosures and job layoffs have pulled the rug out from under many families, particularly those living in low-income communities. Deepening poverty is inextricably linked with rising levels of ... - Hispanic Children And Youth In The United States : A Reference Guide
