

# Download Mary Of The Mayflower

The English origins of Mrs. Mary Brewster are not known. A number of theories have been proposed over the years, including maiden names such as Wentworth, Love, Wyrall, and others. La Mayflower (letteralmente "fiore di maggio") fu la nave con la quale i padri pellegrini, salpati il 6 settembre 1620 da Plymouth (Inghilterra), raggiunsero gli attuali Stati Uniti a Cape Cod due mesi dopo, l'11 novembre. Mary (Norris) Allerton was about thirty when she came on the Mayflower with her husband Isaac and three children Bartholomew, Remember, and Mary. Isaac Allerton Sr. (c.1586 – 1658/9), and his family, were passengers in 1620 on the historic voyage of the ship Mayflower. Allerton was a signatory to the Mayflower Compact. - Mary Of The Mayflower
