My Ford Transmission Is Making Whining Noise. What Do I Do? - Answered by a verified Ford Mechanic i had a problem with an old F**d Bronco i had. The only difference is that my problem was the exact opposite. My whining was only after i got out of 4wd. When I'm coasting, that is, released the accelerator, but still in a gear I get a whining noise, but when I press the clutch it stops. When I release... Whining sound : Lift off accelerator - posted in Maintenance & Repairs: Hi All, I'm having this problem for some time as in while travelling in gear, when I lift my foot off the accelerator, there is this whining noise and it seems to be from the auto transmission gearbox.... some kind of sharp engine brake noise, very annoying. Car is 6 yrs old. - My Manual Transmission Is Whining
