Peugeot maintenance and repair manual The Peugeot 306 is a little family auto built by the French automobile maker Peugeot from 1993 with 2002 changing the 309. The 306 was developed between 1990 plus 1992 prepared for 1993. Mechanically, the 306 is almost identical with the Citroën. The styling of the 205 is often thought to be a Pininfarina design, although Gerard Welter claims it is an in-house design; Pininfarina only styled the Cabriolet. It is often credited as the car that turned Peugeot's fortunes around.
