This is one of my favorite songs of Anne Murrays. We had an LP of it that we played repeatedly as kids, until the record got so scratched it couldn't hold the needle anymore. I've searched high ...I just bought this CD for my grandson. My kids grew up on "There's A Hippo in My Tub". I had a cassette that wore out because we played it all the time in the car. All three kids would sing all the songs. When the cassette wore out I bought another one. When that wore out I bought the CD. About "There's a Hippo in My Tub" "There's a Hippo in My Tub" Q&A.
